Career Objective

Motivated and detail-oriented graduate seeking an entry-level position in a dynamic organization where I can apply my technical knowledge, problem-solving skills, and passion for innovation. Eager to contribute to projects that enhance efficiency and drive technological advancements while continuously learning and growing in a professional environment.

Education

Bachelor of Technology , St. Mary's Group of Institutions Hyderabad	2020 – 2023
Electrical and Electronics Engineering	
Diploma , Government Polytechnic College, Nirmal	2017 – 2020
Electrical and Electronics Engineering	

Skills

Technical Skills: MS-Excel, Python, Numpy, Pandas, Ms-Office, Windows Operating System.

Personal Skills: Attention to Detail, Leadership, Analytical Thinking, Time Management, Collaboration.

Certifications

• IBM Data Science Professional Certification link	Apr 2024
• Python Essentials 1 link	Feb 2024
• TCS iON Career Edge - Young Professional link	May 2024

Internship

Intern Trainee , TS TRANSCO, Asifabad, Telangana	Nov 2019 – Mar 2020
- Assisted in the maintenance and operation of electrical transmission systems. - Conducted routine inspections and troubleshooting of substation equipment. - Gained hands-on experience with high-voltage systems and safety protocols.	

Projects

Control of soil moisture irrigation system

- Developed and implemented a soil moisture-based irrigation system using Arduino and moisture sensors, optimizing water usage by 30 %.
- Integrated real-time monitoring through IoT, enabling remote tracking and automated watering schedules, leading to a 25 % increase in crop yield.

Alcohol sensing and engine locking system

- Designed and implemented an alcohol detection system using MQ-3 sensor and microcontroller, improving vehicle safety by preventing drunk driving incidents.
- Conducted extensive testing and calibration of sensors to ensure accuracy and reliability, achieving a detection accuracy of 95 %
